Assistant Superintendent

Located on beautiful Lake Success in Great Neck New York, the historic Lake Success Golf Club is a Nassau County hidden gem. The club is located approximately 15 miles from Manhattan. Lake Success Golf Club has a rich history. In the early 1900's William K. Vanderbilt owned the land, hired C.B. Macdonald and protege Seth Raynor to build a golf course. Vanderbilt and his friends would play here for years, it has been said to be one of the best golf courses ever built. In 1924 the property became the Deepdale Golf Club until the Long Island Expressway was built in 1955 where some of the property was lost. In 1956 the Village of Lake Success took over the golf course and rebuilt it which is known today as Lake Success Golf Club .

The Village dedicated well over \$20 million in the past several years on construction of its new clubhouse, new pro shop building, course drainage and irrigation systems. In the summer of 2018 the Village committed to a new superintendent with expectations to revitalize and modernize the course and all related to it. Completed projects include XDG installation on greens, strategic tree removal, complete rebuilding of the Course's signature 8th hole, extensive reconstruction of several tee boxes and bunkers, greens extensions, installation of two practice greens, reconstruction of driving range field, installed fertigation, and currently building a one acre short-game facility. Recently, the Village is contemplating a comprehensive bunker renovation with famed McDonald Design Group starting in the Fall of 2023.

Currently Lake Success Golf Club is looking to hire an assistant superintendent to join our management team to help lead an experienced maintenance team in creating a great experience for our membership. The assistant superintendent will be involved with every aspect in the management of the golf course. This is an excellent opportunity for an individual who wants to develop skills and learn how to become a golf course superintendent.
